

HealthLynked Corp. Announces Release of Its WordPress Online Scheduling Software Application that can Integrate with over 60 Million Websites

Naples, FL- (October 16, 2018) – HealthLynked Corp. (OTCQB: HLYK), which connects doctors, patients and data to improve healthcare, today announced the release of its WordPress application that allows users to book appointments online with HealthLynked Providers. Healthcare providers can integrate the HealthLynked online scheduling application with their existing WordPress websites so patients can easily book appointments online 24/7.

WordPress is the world’s most popular website content management system (CMS), in use by more than 60 million websites, including 30.6% of the top 10 million websites as of April 2018. WordPress has over 55,000 plugins available, each of which offers custom functionality and features that enable users to tailor their sites to their specific needs. The HealthLynked plugin is available through the WordPress website and can be downloaded either manually via FTP or through the WordPress dashboard.

“The online scheduling application is an important tool in HealthLynked’s comprehensive platform that connects doctors, patients and their healthcare information.” stated Dr. Michael Dent, CEO. “Providing a software application for the over 60 million WordPress websites will allow for the integration of the HealthLynked network with physician websites and give healthcare providers and their patients the ability to utilize our online scheduling application.”

The HealthLynked scheduling plugin can be downloaded from the WordPress website at <https://wordpress.org/plugins/healthlynked/>.

About HealthLynked Corp.

HealthLynked Corp. provides a solution for both patient members and providers to improve healthcare through the efficient exchange of medical information. The HealthLynked Network is a cloud-based platform that allows members to connect with their healthcare providers and take more control of their healthcare. Members enter their medical information, including medications, allergies, past surgeries and personal health records, in one convenient online and secure location, free of charge.

Participating healthcare providers can connect with their current and future patients through the system. Other benefits to providers include the ability to utilize the HealthLynked marketing tools to connect with their active and inactive patients to improve patient retention, access more accurate and current patient information, provide more efficient online scheduling and to fill last minute cancellations using our “real time appointment scheduling” all within our mobile application. Healthcare providers pay a monthly fee to access these HealthLynked services.
